LIBBEY™

LIBBEY™

## CELEBRATE

We believe every occasion - big and small - is an opportunity to celebrate life; we elevate those experiences.

At Libbey, our vision is to own every moment from the smallest occasions to life's biggest celebrations. Libbey is creating some of the most significant and on-trend tabletop and entertainment introductions anywhere in the world.

With an eye to what's hot in the culinary and beverage world, we've developed exciting new products for you. Chefs, mixologists, owners and servers have all weighed in to help us create products that keep a pulse on global trends - and what you need to present them. Discover these possibilities to elevate your guest experiences and get set for success.

Libbey - turns trends into business potential for you and let Libbey - Professional Tabletop be your guide.

# BRAND STORY

New England Glass Company was founded in East Cambridge, MA in 1818.

Libbey moved the company to Toledo, OH in 1888 and thus, the "Glass City" was born.

The company changed its name to Libbey Glass Company in 1892.

Libbey built a complete model glass factory at the World's Columbian Exhibition in Chicago. As part of the World's Exhibition, Libbey Glass created a spun glass dress for Princess Eulalia of Spain. The success of this exhibit established the Libbey brand name throughout America.

The Company Foundation

Relocation to Toledo

The Brand was Born

Established the Libbey Brand Name throughout America

**LIBBEY™**

### The Road of Growth

Libbey was famous for its high quality cut glass during 1800s. In 1904, Libbey showed its largest manual sculpture glassware in "World's Fair" in St.Louis. Its texture's complexity and excellent technology was admired. And in the same year, Libbey produced the light bulb for GE.

### The Pace of Globalization

Libbey became a public company (NYSE:LIBBY) in 1993 and launched a series of business mergers and acquisitions:  
Premium china brand of U.S.-SYRACUSE  
The famous tableware brand in U.S.-WORLD TABLEWARE  
The well-known glassware brand in Europe-ROYAL LEERDAM  
The well-known glassware brand in Portugal-CRISAL  
The largest glassware manufacturer in Latin America-CRISA.  
Today, Libbey is the largest manufacturer of glassware in the Western Hemisphere. The brand is also pleased to offer dinnerware, flatware, and a complete product assortment to set your table.

### Developing the Market in Asia Pacific Region

Libbey Glassware (China) Co. Ltd was founded in 2006 with the mission to supply high quality glassware and provide service to professional customers and consumers. Libbey is striving to achieve balance while maintaining and improving its high environmental, financial and social standards.

Libbey China is proud to be certified **ISO9001**, **ISO14001** and **OHSAS 18001**.

### Innovation and New Opportunities

Libbey announced Master's Reserve as a luxury sub-brand of their new high quality glassware which was made of innovative materials named Clear Fire™ and HD2 process. Libbey has the opportunity to pursue high-end consumer groups due to the establishment of Master's Reserve.

## How many different wine glasses should you stock?

It depends on factors including the price points you wish to command from your wine list, the number of varietals you offer, and even the reputation you want to earn for wine service.

Though you may not choose to carry a different glass for each varietal, sommeliers and other wine connoisseurs have found the glass in which each wine is served can profoundly influence how the wine, and your reputation, is perceived.

The clarity of the glass lets the eyes take in the wine's color and consistency. The shape of the bowl helps the nose appreciate subtleties in the bouquet. And a quality rim properly delivers the wine to the palate to enjoy the harmony of flavors.

**The Vina™ Tilt Decanter is a true conversation piece, adding a touch of formal elegance and graceful style to your wine service.**

Carefully consider your wine list. Does the presentation of each offering match its price and optimize the tasting experience? At Libbey Foodservice, we are experts in helping foodservice professionals build their reputations for proper wine presentation, including stemware, carafes and decanters.

Ask your Libbey sales representative for insightful recommendations on the right glassware for the varietals in your wine offering.

# STEMWARE

## Light-Bodied Red Wines

**No. 9126**

For these wines with fewer tannins and more subtle flavor, a large bowl and wide mouth allow the wine to breathe, enhancing delicate flavors.

Pair with Beaujolais, Pinot Noir, Sangiovese, Cabernet Franc

---

## Full and Medium-Bodied Red Wines

**No. 9425**

These have the highest tannins resulting in complex flavors. A tall bowl directs the wine to the back of the palate for a richer tasting experience.

Pair with Bordeaux, Cabernet Sauvignon, Merlot, Malbec, Shiraz, Syrah

---

## Full-Bodied White Wine

**No. 9123**

For heavier wines with a fuller body, a wide bowl enhances complex aromas while directing the wine to the back of the tongue, heightening flavor intensity.

Pair with Chardonnay, Sauvignon Blanc, Gewurtztraminer, White Zinfandel

---

## Light and Medium Bodied White Wines

**No. 9124**

Perfect for lighter, more delicate white wines with less alcohol. A smaller bowl concentrates subtle aromas and directs the wine to the tip of the tongue for better appreciation of sweeter flavors.

Pair with Riesling, Moscato, Pinot Grigio, Pinot Gris, Petit Chablis

---

## Champagne and Sparkling Wines

**No. 9432BLT**

A tall, narrow glass maintains flavor concentration and displays effervescence, enhancing presentation.

Pair with Champagne, Prosecco, Lambrusco

---

## Dessert Wines

**No. 9121**

A smaller glass enables proper portioning of these higher alcohol wines. A rounded bowl directs the wine to the back of the mouth, perfecting the sweetness.

Pair with Ice wine, Sauternes, Moscato

---

# SPECIALTY

## Make memorable presentations your specialty

Mixologists and bartenders are justifiably proud of their original cocktail recipes. Often, these signature drinks are the reason their “regulars” keep coming back and recommending the establishment to others.

Signature drinks demand signature glassware. After all, the first impression a customer has of their drink is with their eyes. Does it look appealing? Not to mention that the design of the glass plays a vital role in enabling the ideal blend of ingredients in just the right portions.

**The graceful lines of vintage 1930’s stemware are exquisitely captured in Libbey’s Speakeasy martini glass, leveraging the renewed popularity of classic spirits.**

From classic cocktail glassware to champagne flutes, Libbey® Foodservice offers a comprehensive selection of unique shapes and designs to inspire your creativity. All made to the exacting standards you’d expect from America’s Glassmaker™, including exclusive manufacturing processes to reduce chipping and breaking.

Using the right glass creates the most memorable experience possible in taste, appearance and perceived value. It’s an investment that pays for itself quickly.

Ask your Libbey sales representative for reputation-making ideas to elevate the value of your signature concoctions.

### Spirits served Neat

No. 3502FCP21 shown

A rounded design with heavy base is perfect for swirling "neat" drinks – unmixed spirits served at room temperature – to open up the flavors. The glass narrows at the top to concentrate and enhance the complex aromas.

---

### Spirits served On the Rocks

No. 15481 shown

The heavy weight and wide top are perfect for serving the finest spirits on the rocks, the large capacity allowing ample room for ice.

---

### Brandy/Cognac

No. 3709 shown

A wide bowl creates surface area to help evaporate the liquor and enhance flavor. The narrow top concentrates aromas, and the rounded bottom is ideal for cupping with your hand to warm the brandy.

---

### Martini

No. 7512 shown

A very wide bowl allows for maximum aromatics (especially the juniper and botanicals in a gin martini). The glass can be held by the stem to prevent warming, and the cone shape keeps ingredients from separating.

---

### Margarita

No. 7511 shown

A Mexican cocktail made from tequila, orange liqueur and lime juice, margaritas are often rimmed with salt. The stem helps prevent warming the drink, and the very wide top enables an optimal salt-to-drink ratio.

---

### Liqueur

No. 601008 shown

The small capacity (1-3 oz.) and conical shape is made for serving small amounts of sweet distilled spirits flavored with fruit, herbs, flowers, nuts or spices. Choose a faceted stem for a nostalgic feel that can increase perceived value.

---

### Highball or Collins

No. 1656SR shown

This family of cocktails is made with a base spirit and a non-alcoholic carbonated mixer served with ice, requiring a tall glass for proper proportioning of ingredients.

---

### Specialty Glassware

No. 3623 shown

Whether it's a signature mojito, frozen cocktail or premium Long Island Iced Tea, specialty glassware is designed to create a powerful presentation of the finest signature cocktails.

# TUMBLERS & BARWARE

## Everyday use demands exceptional performance

We know your number one worry with glassware is breakage. It's why Libbey® has invested so much through the decades in designing and manufacturing glassware specifically for the foodservice industry.

Steaming hot dishwashers. Ice cold beverages. Daily handling by servers or bus staff and stacking by bartenders. If your glassware isn't made to hold up, breakage and chipping from everyday abuse can drive up replacement costs and operational expenses.

The appeal of Aptiva isn't just its unique style, but also its DuraTuff treatment for prolonged service life.

Libbey's exclusive **DuraTuff** treatment increases resistance to thermal shock (sudden temperature change) and mechanical impact (sudden impact with another object). We produce some of the most durable glassware in the foodservice industry.

We even engineer some of our glasses specifically for stacking, saving space and reducing breakage.

Ask your Libbey sales representative how our exclusive manufacturing technology means longer life for your glassware.

# BEER

## Pilsners

No. 924176 shown

Perfect for serving classic pilsners and other pale lagers, Pilsner glasses showcase a beer's color, clarity and carbonation. The conical shape helps maintain the beer's head, while the narrow design allows the aromas to reach your nose.

---

## Giant Beers

No. 1611 shown

Libbey's Giant Beer glasses have a tall stature, providing an exceptionally pleasing presentation for wheat ales and pale lagers. Designed for draft beer service, these glasses feature a rounded top that holds a generous head of foam.

---

## Pub Glasses

No. 14806 shown

Pub glasses offer the perfect presentation of classic ales, such as IPA, pale ale, brown ale or stout. Featuring a wide mouth to support the frothy head, Pub glasses offer a traditional yet brilliant beer presentation.

---

## Tulip Stems

No. 920284 shown

Ideal for presenting lambic and saison, the tulip shape also is very well-suited for specialty fruit beers.

---

## Stemware

No. 3915 shown

These upscale yet robust glasses elevate your presentation of ales and lagers.

---

## Belgian

No. 3808 shown

The rounded bowl of Libbey's Grand Service and Belgian Beer glasses allows for subtle warming of the beer via heat transfer from the hand, while the inward tapering top captures aromas, enhancing the tasting experience.

---

## Steins and Mugs

No. 5262 shown

Very large and durable, mugs are ideal for proper serving of Oktoberfest and other dark German lagers.

---

# SERVINGWARE & ACCESSORIES

## Complete your tabletop vision

Most of your guests take for granted how accessories provide the little touches that create just the right atmosphere, be it casual or elegant, or a little of both.

**Handcrafted by glassware artisans, the exceptional design of water bottles can make fresh infusions the hero of the table.**

Serving plates. Carafes. Pitchers. Salt shakers. These are the everyday essentials that complete your tabletop vision. Sure, they all have a job to do. But their primary role is to coordinate beautifully as part of a complete tablescape while providing functionality and durability.

Ask your Libbey® sales representative about how our serveware and accessories deliver both the utility and durability you need.

LIBBEY™

The background of the cover is a photograph of a table setting. It features two glasses of iced lemonade with orange slices, a plate of oatmeal cookies on a wooden board, and a small plate of cinnamon rolls. The tablecloth is white with a floral pattern. A purple circle in the upper right corner contains the title text.

# Handling Guide

## Handling glassware for safety and profitability

one of most important merchandising tools used by the owner or operator to present meals and beverages to guests is proper glassware. To maintain the life of this investment, it needs to be treated and handled carefully. Improved handling means less breakage and damage, which translates into higher productivity and lower incidences of injury accidents. The tips included in this guide are designed to improve handling of glassware by reducing the most common causes of damage—mechanical shock and thermal shock.

### 1. Thermal Shock

Thermal shock is the result of glass experiencing a sudden temperature change. Glass holds temperature, and rapid change in temperature can cause enough stress to result in breakage. For example, a glass that has held ice cannot go directly into the dishwasher; a glass warm from the dishwasher should not go directly into service; and cold water or ice should not be put into a warm or hot glass or cup. In all cases, the glass needs to reach room temperature before being taken to the other extreme, and the thicker or heavier the item, the more time is needed. Cracks that result from thermal shock usually from around abrasions caused by mechanical impact, increasing the chances of breakage.

### 2. Mechanical Shock

Mechanical shock in glassware is the direct result of contact with another object, such as a spoon, a beer tap, another glass, or a piece of china. This kind of contact can cause a minute abrasion, invisible to the eye, but a source of weakness in the glass, making it more susceptible to breakage from impact or thermal shock.

### General Handling:

- Keep adequate supplies of glassware in order to prevent recently washed items from going directly into service.
- Place guides on scrap tables for busboys to place glass, china, and flatware in separate areas.
- Check dishwasher temperature twice daily.
- Replace worn glass washer brushes.
- Instruct busboys to BE QUIET. No one wants to eat in a noisy place. This will cut down on breakage of glassware, as well as help create a pleasant, quiet atmosphere.
- Never put cold water or ice into a warm or hot glass.
- Bus glassware directly into racks, or use divided bus trays with flatware baskets.
- Color code racks for different glass, china, and flatware items.
- Remove severely abraded glass from service.

## Handling Glassware (waitress, waiter, bartender functions)

NEVER pick up glasses in bouquets.

ALWAYS use a plastic scoop NEVER scoop ice with glasses.

NEVER stack glasses.

ALWAYS pre-heat glasses with hot water when pouring hot drinks.

NEVER contact glasses with the beer tap

ALWAYS have an adequate back-up supply of glassware for rush periods

Avoid glass-to-glass contact in overhead racks and ANYWHERE else.

ALWAYS handle glassware gently. Remove abraded cracked, or chipped glassware from service.

## Handling Glassware (busboy functions)

NEVER pick up glasses in bouquets.

ALWAYS dump ice out of glassware before sorting into bus trays.

NEVER stack glasses.

ALWAYS bus glassware directly into divider racks.

NEVER put flatware into glasses.

ALWAYS sort items in bus trays.

NEVER overload bus trays.

ALWAYS handle glassware gently. Remove abraded cracked, or chipped glassware from service.

## Handling Glassware (dishwasher functions)

NEVER pick up glasses in bouquets.

ALWAYS use correct racks.

NEVER stack glasses.

ALWAYS bus glassware directly into divider racks.

NEVER put flatware into glasses.

ALWAYS clean (scrape)  
1. glassware,  
2. flatware and then  
3. china

ALWAYS dump ice out of glassware before sorting into bus trays.

ALWAYS handle glassware gently. Remove abraded cracked, or chipped glassware from service.
